

FOOTBALL GAME PROJECT

Website: <https://ironiccarrot.site>
Contact: ironiccarrot.info@gmail.com

Game description:

The game user will emulate the owner of a football club. They will have to manage all aspects of running a football club, from the stadium, advertising contracts, player contracts, youth development, as well as the training, tactics, and transfers of first-team players.

Similar games, PC football, Football Manager...

Platform: Mobile-Android (With the possibility of expanding to other platforms in the future)

Release: May 2026 if funding is obtained before October 2025

What do I offer? I'm looking for investors who want to buy a stake in the game in exchange for the profits. For example: if you buy 10% of the game, you'll receive 10% of future profits.
